**TAMPA, FL (February 1, 2007)** – Bisk Education, offering America's best-selling CPE programs for public and industry CPAs since 1971, is pleased to provide the latest in CPA news with its February webcasts: *Quarterly Tax Updates* and *Compilation & Review Update*.

Scheduled for February 20 and 22, these hour-long webcasts provide thought-provoking insight and lively discussion on current accounting topics and strategies for successfully integrating industry changes into your practices.

"CPAs know they have to keep on top of industry news, and CPEasy Live Quarterly Webcasts are the easiest way to stay abreast of what's going on," says Ed Datz, Vice President of Sales at Bisk Education. "With all of the changes since Sarbanes-Oxley, as well as continuing changes in tax legislation, the popularity of our live webcasts is growing."

*Quarterly Tax Updates*, presented by E. Lynn Nichols, founder of Nichols CPE Incorporated, covers the background and application of recent tax-law changes. *Compilation and Review Update*, presented by CPA Thomas Ratcliffe, President of Tom R., LLC and author of *Plain Accounting* publications, updates activities of the AICPA Accounting and Review Services Committee.

The live webcasts offer a cost-effective and convenient way to fulfill mandatory CPE requirements with polling questions throughout the presentation. After the event, participants will receive a certificate of completion. Archives of both webcasts (not

eligible for CPE) will be available free of charge at [www.CPEasy.com](http://www.CPEasy.com). But to reap the full benefit, including participation in the question-and-answer session and CPE credit, accounting professionals should attend the webcasts live.
